We would like to congratulate our students on their results and thank all of the staff for their hard work in supporting our students' achievement. At a time when examinations are becoming more challenging and assessing a more demanding curriculum, it is with great satisfaction that we see the hard work of our young people being rewarded. In an impressive year of improvement for the school and its students, 22% of Year 11s achieved at least one grade 9 with 10% of students achieving a grade 9 or equivalent in more than one subject. Congratulations and well done to the class of 2018 on their excellent results this year!

Rosaleen-Tite Ahern

"I went to English revision which I found helpful because it gave me the chance to practice exam questions and debate with the teachers. Also I went to history revision and science. Practising exam questions really helped and being in smaller groups for revision meant that we could focus on any specific questions we had. I achieved a grade 7 or above in all of my GCSE subjects"

SOME OF OUR SUCCESS STORIES

In an impressive year of improvement for the school and its students, 22% of Year 11s achieved at least one grade 9 with 10% of students achieving a grade 9 or equivalent in more than one subject.

There are some extraordinary examples of students whose hard work and effort manifested amazing results:

Mustafa Khalid

6 Grade 9s

(Biology, Chemistry, Physics, Maths, Urdu, RE)

Astrid Coles-Schottlander

5 Grade 9s

(Textiles, Art, Biology, Chemistry, RE)

Marianna Salmon

6 Grade 9s

(Biology, Chemistry, Physics, RE, Maths, Media)

Jan Kurczynski

4 Grade 9s

(Eng Lang, Eng Lit, Polish, RE)

Ciara Marsh

4 Grade 9s

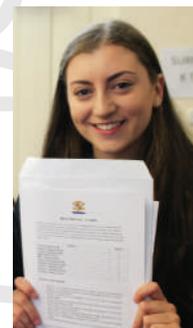

(Eng Lang, Eng Lit, Spanish, RE)

Headteacher Catherine Hughes paid tribute to the great dedication and commitment of students, staff and parents.

"This year's wonderful examination results are a testimony to the hard work across the school community. We are delighted with the improvements made and are excited for the future. The determination of the students to achieve well in a set of examination that they knew would be tougher and more challenging in content was evident in the dedication they showed to their studies and to the qualities of success that Loreto High School strives to develop in all students. Congratulations to all."

Marnie Mannion

"The science, Maths, Art & English sessions were really beneficial and prepared me for my GCSEs. The teachers were always there to support me."

36% OF ART STUDENTS ACHIEVED THE TOP GRADES 9-7

30% OF SPANISH STUDENTS ACHIEVED THE TOP GRADES 9-7

69% OF MEDIA STUDIES STUDENTS ACHIEVED GRADES A*-B

75% OF GCSE PE STUDENTS ACHIEVED GRADES 9-5

Abdalla Ali

"I went to the weekend Maths revision sessions. They really helped prepare us for exams by doing past exam questions and looking at questions that were likely to come up. I was very pleased with me 7 grade 9s I achieved in Maths, Eng Lang, Eng Lit, RE, Biology, Chemistry and Physics."
